The Board of Directors of this company are now in sessing to Greenville. We learn that negotiations for a loan suscient to build and equip the road are now prading in Europa, with every process of litimate success.—Several communications have been received from an Agent of the Company, in England, which would seem to warrant the opinion that the project is favorably entertained in that quarter, and that the desired assistance will ultimately be rendered.

The Farm Morigage Bords belouging to the Company could be readily dispused of, at fair rates, but we understand that the original determination to held them entil eventual success is rendered certain, will be inflexibly adhered to. This is right. It would be a calamnity, indeed, to those who have so generously came forward to the aid of this enterprise, to expend the securities which Clegg's Building, Third street. THOSE WHO ARE SICK AND CONsidered incurable—who are suffering with pain, and can find no relief for body or mind—who are suffering with pain, and can find no relief for body or mind—who are crippled with paralysts, theumatism, or from any other cause—who have been given up by their physicians as incurable, and beyond the reach of medical aid, have now as opportunity offeredror aspectly and permanent cure. Br. Chamberlin would asy to those auffering from pulmonary consumption, early and mittelle stages, diseases, consensy in our array paralysis, diabel's, theumatism, neuraigia, palpitation of the heart, brain diseases, piles, skin diseases, deafness, amatrosis, dropay, stiff joints, contrasted muscles, diseases incident to femiles, seminal weakness, and nervous and chromic complainty generally, that his imperiant discovery in the application and adaptation of electricity to the human organism, will restore them to heafth. It is no matter of experiment, doubt nor uncertainty, as he has cured multifudes auffering from the above diseases, even in the most hopeless condition, after all other known remedies had fatigd. He makes no compromise with the stomach in way of medications, but relies selely on the vitalizing and all controlling power—electricity, which cradicates from the system svery ventige of disease, and brings it into a condition to health and vigor. Dr. C. 'a important discovery in ilagnosing disease by electrical contact, as well askin method of application, is unknown to medical men, and all others, except the few who have been instructed by him. As the agent he would be a mollow is universal, so it is a like applicable to
